

## Ladbrokes Pension Scheme Member Booklet

# Welcome to your workplace pension

Wherever you are on your savings journey, whether you're paying into a pension for the first time or topping up your existing savings, we want to make sure you have access to the tools and information you need to help you create your future.

The Ladbrokes Pension Scheme is a savings plan that's designed to help you build up a [pension pot](#) which you can use to take an income and lump sums from the [Minimum pension age](#), or the date you plan to access your pension savings.

Throughout this booklet, when we refer to 'the Plan' we are referring to The Ladbrokes Pension Scheme.

This guide explains how it works and how to make the most of it. Where we've had to use a term that you might not be familiar with, we've highlighted it in [blue](#) the first time the term is mentioned on a page. You'll find a definition of each of these terms on pages 28 and 29 of this guide.

# What your workplace pension can do for you

## Contributions

You and [your employer](#) pay in, so you can build up your [pension savings](#) faster.

## Tax relief

The government helps out too in the form of [tax relief](#). You can find out more about how this works for you under 'contributions' on page 7.

## Access to your money

You can access the money you've built up from the [Minimum pension age](#), or at a later date that you choose. You'll get some of it tax-free as well.

## A portable pension

You can take it with you if you change employment. You may also be able to transfer in any pension savings you have from other jobs. Find out more about transferring here: [Transfers](#).

# How your pension pot works

**Step 1:** You can join the Plan if you meet the criteria on page 5.

**Step 2:** Your contributions will be automatically deducted from your salary each pay period and **your employer** will also start paying in their contributions.

**Step 3:** The government helps too in the form of **tax relief**.

**Step 5:** You can increase your contributions if you want to.

You can also transfer in other pension pots so that you have all of your pension savings in one place.

**Step 4:** You choose where to invest your **pension pot** (we'll tell you more about that on page 16). You can change your investment choices at any time and we recommend you review your decisions on a regular basis.

**Step 6:** Manage your **pension pot online** to make sure you're getting the most out of it.

**Step 7:** Once you reach the **Minimum pension age**, you can access your pension pot at any time. When you decide the time is right, you'll have plenty of options. Up to a quarter can usually be taken tax-free. See pages 20 and 21 for more details.

# Joining the Plan

You can join the Plan if you're aged over 18. There are two ways to join.

## By automatic enrolment

You'll be automatically enrolled into the Plan if you meet the following requirements:

- You're over age 22
- You're below state pension age
- You work or usually work in the UK
- You earn more than the [earnings threshold](#). You can find out what this is in the Tax Year Rates and Allowances booklet on your Plan microsite.

Contributions will be based on Qualifying Earnings (see pages 8 -10).

## By submitting a request

If you don't meet all the requirements, you may still apply to join the Plan.

You can apply to join the Plan by contacting [your employer](#) directly and asking them to enrol you into the Plan. Your letter must contain your signature or, if applying by email, you must include the phrase "I confirm I have personally submitted this application to join the company pension scheme."

For details of who to contact, please go to Contact Information on page 27.

Alternatively, you can apply to join the Plan by visiting Entain Benefits or by calling 0330 808 4553 with your National Insurance Number and payroll number.

# If you decide you don't want to be in the Plan

If you are automatically enrolled but decide it's not for you, you can opt out.

If you opt out within one month of joining, you'll get back any money that you've paid in, and you'll be treated as if you never joined. Your joining communication will explain how to do it.

If you leave the Plan at any other time, your money must stay invested until you have at least reached the [Minimum pension age](#). You don't have to stay with us; you may be able to transfer your [pension savings](#) to another pension provider.

Eligible employees who leave the Plan must be automatically re-enrolled every three years but may continue to opt out if they so wish.

## Remember

If you stop paying in, [your employer](#) will stop too.

You can re-start contributions at any time.

# Contributions

The best way to make sure you get the most out of your pension is to make regular contributions. It means you'll get the benefit of a contribution from [your employer](#) and help from the government in the form of [tax relief](#).

The earlier you can start the better chance you'll have of building up the savings you'll need for when you come to take your benefits.

## **You can pay money in by having your contributions:**

- paid through salary exchange (also known as salary sacrifice)
- taken from your pay after tax and National Insurance deductions.

## **Your employer will automatically include you in salary exchange, unless:**

- you earn less than the [pay protection limit](#), or
- you would prefer to have your contributions taken from your pay.

Salary sacrifice may not be appropriate for everyone. You won't be included in salary sacrifice if you earn less than the pay protection limit because it wouldn't be to your financial advantage. Instead, your contributions to the Plan will be deducted from your pay.

## **Salary exchange explained**

Under salary exchange you agree to reduce your pay in return for a benefit of the same value. This means your pay is reduced by the amount you would otherwise have paid into the Plan. Your employer then pays this amount into the Plan for you, together with their contribution.

Because salary exchange reduces your pay, any National Insurance contributions you pay are also reduced, which will save you money.

If you're a higher rate taxpayer, salary exchange provides full tax relief immediately which means you won't have to spend time claiming tax relief from HMRC.

Your employer reserves the right to withdraw salary exchange at any time.

# Contributions

Applicable to all employees who are auto enrolled into the Plan.

The contributions [your employer](#) will make and the minimum contributions you make are shown below.

Table 1

Basis Contribution	You pay	Your employer pays	Total
Qualifying Earnings	3%*	5%*	8%
Pensionable Pay	4.5%	4.5%	9%
Pensionable Pay	5%	5%	10%
Pensionable Pay	5.5%	5.5%	11%
Pensionable Pay	6%	6%	12%

**\*This is the default range**

If you join the scheme voluntarily with earnings that are less than £520 a month (2024/25), your employer will not contribute to your [pension pot](#).

You may be able to trade up to the one of either Table 2 or 3 contribution structures (see pages 9 and 10) if you joined the company before 1 April 2019, please contact your employer if you have queries related to this.

# Contributions

## Contributions as a percentage of pensionable pay

Applicable to all Support Office Staff who joined the company on or after 1 November 2018 and traded up from the Auto-Enrolment contribution level (Table 1 on page 8). An employee may select a contribution structure lower than that applicable to their grade. For example, a Grade 3 employee can choose any one of the Grade 3 & 4, Grade 5 or Grades 6, 7 & 8 structures

The contributions [your employer](#) will make and the minimum contributions you make are shown below. These are shown as a percentage of pensionable pay.

Table 2

Employee classification	You pay	Your employer pays	Total
Grades 1 & 2	8%	15%	23%
Grades 3 & 4	6%	10%	16%
Grade 5	5%	8%	13%
Grade 6, 7 & 8	3%	6%	9%

# Contributions

## Contributions as a percentage of pensionable pay

Applicable to all **members** who joined the Plan before 1 March 2013, Ex-Defined Benefit members who were Auto-enrolled into the Plan on 1 September 2015 and members who joined the company before 1 November 2018 and have traded up from the Auto-Enrolment contribution level (Table 1 on page 8).

The contributions **your employer** will make and the minimum contributions you make are shown below. These are shown as a percentage of pensionable pay.

Table 3

Employee classification	Member's gross contribution as a percentage of pensionable pay	Employer's contribution as a percentage of pensionable pay – for members with opt-in pension service up to 5 years	Employer's contribution as a percentage of pensionable pay – for members with opt-in pension service of 5 years or more
Grades 1 & 2 (Legacy Ladbrokes Grade 1a/1)	At the option of the member subject to a minimum of 1% and a maximum of 100%	Matching member's contribution up to a maximum of 15%	1.5 x member's contributions up to a maximum of 22.5%
Grades 3 & 4 (Legacy Ladbrokes Grade 2/2b)	At the option of the member subject to a minimum of 1% and a maximum of 100%	Matching member's contribution up to a maximum of 10%	1.5 x member's contributions up to a maximum of 15%
All other Grades (including retail and Stadia)	At the option of the member subject to a minimum of 1% and a maximum of 100%	Matching member's contribution up to a maximum of 6%	1.5 x member's contributions up to a maximum of 9%

# Contributions explained

## What are qualifying earnings?

To have qualifying earnings, your pay must be at least equal to the lower qualifying earnings limit. Contributions to your pension will be calculated on your earnings between this amount and the upper qualifying earnings limit. To find out what these limits are, in the current tax year, please see the Tax Year Rates and Allowances Sheet on your Plan website.

## What is pensionable pay?

**For Weekly Paid individuals** - the hourly rate of pay times paid hours worked

**For Four-Weekly Paid individuals** – the sum of salary plus any relevant pensionable allowances

**For Monthly Paid individuals** - the sum of basic salary plus any relevant pensionable allowances

## Quick tip

The more you pay into your [pension pot](#) and the longer you pay, the more you're likely to have when you come to take your money.

Although, you'll need to remember that the amount you'll have isn't guaranteed and that the value of your pension savings can go down as well as up.

We understand that your pension savings are unlikely to be your only financial commitment, but you should regularly review how much you are paying to make sure that you are staying on track for the retirement you want.

# Example – automatic enrolment

In this example, you sacrifice 5% of your qualifying earnings and **your employer** contributes 3%.  
Based on earnings of £20,000 a year, the monthly contribution to your pension would be:

For a full breakdown of how this example has been calculated, please refer to page 30.

# Example – contributions in line with table 2

In this example, you are Grade 6 and sacrifice 3% of your pensionable pay and **your employer** contributes 6%.  
Based on earnings of £20,000 a year, the monthly contribution to your pension would be:

For a full breakdown of how this example has been calculated, please refer to page 31.

# Example – contributions in line with table 3

In this example, you (as an employee with more than 5 years’ opt-in service) sacrifice 5% of your pensionable pay and **your employer** contributes 7.5%. Based on earnings of £20,000 a year, the monthly contribution to your pension would be:

For a full breakdown of how this example has been calculated, please refer to page 32.

# Changing your contributions

You can change the amount you pay into your pension at any time.

If you want to change your contribution level, please visit with Entain Benefits or call 0330 808 4553 with your National Insurance Number and payroll number.

## Contributing occasional lump sums

You can make additional contributions into the Plan through payroll, although [your employer](#) will only contribute to the levels set out in the tables on pages 8 - 10. If you wish to do this follow the link above or call the number.

You can make additional one-off contributions direct to Legal & General. If you'd like to make additional payments at any time, just contact us at the address shown on page 27.

Remember to claim your [tax relief](#) through self-assessment if appropriate. Information about how to do can be found on you plan microsite [legalandgeneral.com/ladbrokespensionscheme](https://legalandgeneral.com/ladbrokespensionscheme)

## If you're away from work

If you have a prolonged period away from work due to sickness, injury, maternity or parental leave, your employer may continue their pension contributions depending on their HR policy.

If you have any questions regarding your employer's HR policies, please visit their intranet (Huddle) pages or speak to your local HR contact for more information.

# Investing your pension savings

When you join the Plan, your savings will be invested in the Legal & General (PMC) Multi-Asset Fund 3.

The fund has been chosen by the Trustees as it aims to provide investment growth over the long term and is judged to be suitable for most [members](#).

If you would like to make your own investment decisions, you can find more information about the choices available to you on your Plan website.

There is now more flexibility than ever before when you come to take your money, so it's important to review your investment choice regularly to make sure it matches your retirement goals.

As you approach your chosen retirement age, we'll write to you about moving your [pension savings](#) into funds that are more closely aligned with how you want to take your money when the time comes.

You may want to know how our stance on issues affecting the environment, the fair treatment of people and the way businesses are run affects our investment strategy. If so, you'll find information about policies and projects on these matters in our

[Environment, Social and Governance Hub](#).

## Changing where your pension savings are invested

You can change where your pension savings are invested at any time:

- Online: go to the Plan website and log into your online account over at [legalandgeneral.com/mya](https://legalandgeneral.com/mya) You can see the different funds and change the way your pension savings are invested
- By phone: you can call Legal & General direct on **0345 070 8686**. Call charges will vary and calls may be recorded and monitored.

### Quick tip

If you are thinking about switching funds, you may wish to talk to an independent financial adviser to make sure the funds you invest in are right for you and your future plans.

# Charges

There are two charges we apply to your [pension pot](#), to keep it running smoothly and manage the funds you're invested in.

- **Annual management charge (AMC):** covers the cost of running your pension plan as agreed with [your employer](#). This is calculated daily and deducted once a month by selling units in your pension savings.
- **Fund management charge (FMC):** covers the cost of managing the fund or funds you're invested in. This charge is included in the unit price. Unit prices are calculated daily and the charge is reflected in the value of your pension savings.

You'll only see the AMC deductions on your annual statements. The FMC is included in the price of units in your chosen fund(s).

Here's an example of what the total charge could look like:

If your pension pot is worth £60,000 throughout the year, and you're invested in the Legal & General (PMC) Multi-Asset Fund 3, you'll pay the following charges:

AMC (up to £50,000)	0.35%	£175
AMC (over £50,000)	0.25%	£25
FMC	0.13%	£78
Total for the year	0.46%	£278

# Keeping track of your savings

You can check the value of your [pension savings](#) and review your fund(s) at any time by going to the Plan website and logging into your online account over at [legalandgeneral.com/mya](https://legalandgeneral.com/mya)

Your Plan website address is:  
[legalandgeneral.com/ladbrokespensionscheme](https://legalandgeneral.com/ladbrokespensionscheme)

Each year we'll create a statement for you. Your statement will be available in your online account and we'll let you know when it's available to view.

The statement will set out:

- the current value of your pension savings
- the fund(s) it is invested in
- a projection of the benefits at your expected retirement age
- the transfer value if you were to move your pension savings to another pension plan
- total contributions paid into the Plan for you during the previous 12 months.

# When can I take my pension savings?

You can access your [pension savings](#) at any time from the [Minimum pension age](#), regardless of whether or not you've stopped working. You'll need to think carefully about when is the right time so you can make sure your pension pot is big enough to last.

Unless you tell us something different, we'll assume you're going to take your benefits at age 70. If you're over age 70 when you join the Plan, we'll assume you're going to take your benefits at 75.

You can change your retirement age at any time. It's important that you choose an age that realistically reflects when you expect to take your benefits, for two reasons:

1. We'll use your retirement age to estimate the value of your pension pot, so when we send you our yearly forecasts, they'll be more realistic.

2. If you decide to invest in a 'lifestyle strategy', it will automatically adjust your investment depending on how far away you are from your chosen retirement age. If this isn't the age you want to access your pension savings, the investment strategy will be less effective.

The most important consideration as you approach retirement is that your investments are right for you and reflect how you want to take your money when the time comes.

We'll write to you ten years and four years before you reach your retirement date to prompt you to review your plans for taking your money and to consider whether your current investment strategy is still suitable.

Six months before you reach retirement, we'll send you a pack setting out all of the options available to you.

You can always change your retirement age as your future plans become clearer. You can do this by logging into your online account and sending us a secure email.

## Remember

Your annual statement will show estimates of your projected benefits at retirement so you can see if you're on track and make changes if you need to.

## Helpful hint

You can check the value of your pension pot in your online account over at [legalandgeneral.com/mya](https://legalandgeneral.com/mya)

# Your options when the time is right

## Take your whole pension pot in one go

You can take the whole amount in one go. Up to a quarter can usually be taken tax-free; the rest will be taxed as income.

It will be added to any other income you have over the tax year, for example money from work, savings and benefits.

**Taking a large sum of cash from your pot can mean you pay a higher amount of tax.**

If you're considering this option, you may need to plan how you will provide an income for the rest of your lifetime.

## Take your pension pot as a number of lump sums

You can leave your money in your [pension pot](#) and take lump sums from it as and when you wish until your money runs out. You can decide how much to take out and when. Any money left in your pension pot remains invested, which may give your pension pot a chance to grow but it could go down in value too.

You can usually take up to a quarter of your pension savings as a tax-free lump sum and any further lump sums or income will be subject to income tax.

## Get a flexible retirement income

You can leave your money in your pension pot and take a regular income from it. Any money left in your pension pot remains invested, which may give your pension pot a chance to grow but it could go down in value too.

Up to a quarter of your pension pot can usually be taken tax-free first, and then any other withdrawals will be taxed.

# Your options when the time is right

## Get a guaranteed income

You can use your [pension pot](#) to buy a lifelong, regular income - also known as an [annuity](#) - to provide you with a guarantee that the money will last as long as you live or for a fixed term. You can also choose a guaranteed income that increases with inflation and/or continues to provide an income for a [dependant](#).

Up to a quarter of your pension pot can usually be taken tax-free and any other income you take from it will be taxed.

If you choose this option, you can't change your mind later.

## You can choose a combination of one or more options

You can also choose to take your pension using a combination of one or more of these options. If you have more than one pot, you can use the different options for each pot.

## Your State Pension

Your benefits from the Plan will be payable in addition to any State Pension you will be entitled to.

### Important

Whichever option(s) you choose, you can usually take up to 25% of your pension pot as a tax-free lump sum.

If you do this, the value of the lump sum will be checked against your [lump sum allowance](#). This is the maximum amount of money you can take as tax-free lump sums from all the pensions you have (not just your employer's plan).

While you can still take out money over this allowance, you will need to pay income tax on it.

You can find out more about tax rates and allowances in the Tax Year Rates and Allowances Sheet on your Plan website.

# If things don't go to plan

## If you can't work due to illness or injury

If you become seriously ill or incapacitated and unable to carry out your normal occupation, you may be able to take your pension benefits before the [Minimum pension age](#).

You will need to provide written evidence from a registered medical practitioner which confirms you're unable to perform your role because of physical or mental impairment.

In cases of limited life expectancy, which is defined as less than one year, it may be possible to have your entire [pension pot](#) paid out as a cash lump sum.

The payment of your pension savings under these circumstances would currently be made tax-free, as long as it didn't exceed your [lump sum](#) and [lump sum and death benefit allowances](#), and you were under 75 when it was paid out.

No other benefits would be payable to you or your [dependants](#) from the Plan.

## If you die before taking your benefits

When you join the pension Plan, you will be invited to nominate the person you'd wish to receive the benefits you have built up in the Plan, in the event of your death.

You can choose as many beneficiaries as you like and we'd recommend you review your choices on a regular basis.

The 'Nomination of [Beneficiary](#)' form can be found on your Plan website and should be completed and returned to us as soon as possible.

### Important

The Trustees aren't bound by your choice of beneficiary, but they will use your completed form as a guide.

For instance, if you die with dependants under 18 at the time of your death, the Trustees may pay the benefits into a trust fund which your dependants can only access when they turn 18.

Similarly, the Trustees may choose to use all or part of your pension pot to secure a guaranteed income for your dependants. This decision would be made if the Trustees felt a regular income was more appropriate for your dependants than a one-off lump sum.

## Divorce or dissolution

If you're involved in a divorce or the dissolution of a registered civil partnership, your pension pot will be taken into account by the courts when deciding upon any settlement.

# Leaving the Plan

If you decide you would like to leave the Plan or stop contributing to it, there are different options available to you depending on when you joined the Plan and how long you have been contributing.

## Less than 30 days

If you were automatically enrolled, details of how to opt out will be contained in your enrolment letter. If you did not opt out within the deadline and you were in the Plan for less than 30 days the value of your contributions will be returned to you, after deduction of tax.

If you want to leave the Plan or stop paying in, contact the Ladbrokes Reward Team [peopleservices@entaingroup.com](mailto:peopleservices@entaingroup.com)

### Option 1 - Leave your pension savings in the Plan

Leave your [pension pot](#) invested with us until you choose to take your money, which can be at any time from the [Minimum pension age](#). You can continue to choose which funds to invest your pension pot in, but you won't be able to make any more contributions into it.

If you choose this option, Options 2 and 3 below will continue to be available to you in future.

### Option 2 - Transfer your pension pot

Transfer the value of your pension pot to another pension plan. You can do this any time before you access your pension savings.

### Option 3 - Access your pension pot

If you are at the [Minimum pension age](#), or over you will be able to access your pension savings if you so wish. See pages 20 and 21 in this guide for the options open to you.

# Important information

## The Trustees

The Plan is part of the Legal & General Mastertrust (the Scheme). The Mastertrust is a defined contribution (or money purchase) pension scheme which different employers can join. It is overseen by a board of Trustees who are legally bound to look after your money and put your best interests first. The current Trustees are:

- Legal & General Trustees Limited;
- The Law Debenture Pension Trust Corporation plc;
- VidettTrustee Services Limited; and
- Independent Trustee Services Limited.

If you'd like more information on how the Mastertrust works you can visit the Mastertrust website:

[legalandgeneral.com/workplacebenefitsResp/mastertrust/](https://legalandgeneral.com/workplacebenefitsResp/mastertrust/)

The Trustees appoint Legal & General Assurance Society Limited to administer the Scheme on their behalf.

Your employer has joined the Mastertrust by deed of participation.

The Pension Scheme Tax Reference (PSTR) is 00784167RL.

## Scheme documents

The following documents are available on request. For details of who to contact, please go to Contact Information on page 27.

- The Trustees' Annual Report which contains general information about the Scheme
- The Trust Deed and Rules
- Deed of Participation
- Statement of Investment Principles which describes the Trustees' investment strategy

## Scheme changes

Your employer may, with the consent of the Trustees, amend the terms of the Scheme at any time if they wish, in accordance with what's known as their 'Deed of Participation'.

The Scheme Rules may change in future – you'll be notified of any changes that may affect you.

Your employer plans to continue the Scheme indefinitely. However, it's always possible that things will change in the future that lead to the Scheme being discontinued.

The Trustees also have the power to wind up the Scheme which would mean your employer could no longer participate in it. These decisions aren't taken lightly, and should it ever happen, you will be notified well in advance with details of all your options.

## Changing your details

Make sure your personal details are up-to-date so you always receive your annual statement and other important communications.

You can make your changes in your online account over at [legalandgeneral.com/mya](https://legalandgeneral.com/mya) or by contacting us directly using the Contact Information on page 27.

Remember to keep your nominated beneficiary up-to-date too.

# Important information

## Questions and complaints

If after reading this booklet you have any questions or comments, please call the helpline on the number shown on page 27.

If we're unable to resolve your queries, or if there's something you don't agree with, there's a formal dispute procedure you can follow. The helpline can give you all the details. Formal complaints must be made in writing.

## The Financial Services

### Compensation Scheme (FSCS)

The FSCS is designed to pay customers compensation if they lose money because a firm is unable to pay them what they owe for any reason.

In the event of a failure of the Investments held in the Legal and General WorkSave Mastertrust, the Trustees may, on your behalf, be entitled to claim compensation. The maximum compensation available from the FSCS is 100%, without limit, of a valid claim for any loss incurred

You can find out more about the FSCS on its website at [fscs.org.uk](https://fscs.org.uk) or by calling

**0800 678 1100.**

### Legal note

This booklet is intended as a summary of the terms and conditions of the Scheme. If the information in the Scheme Rules and this booklet ever conflict with each other, the Rules will be overriding. You can contact Legal & General for a copy of the Rules if you'd like to see them.

The information in this guide is based on the Trustees' and Legal & General's understanding of current legislation, and HMRC practice. These can change without notice but the Trustees will let you know as soon as they can if a change is made that significantly impacts you.

### Data protection

Legal & General and the Trustees may use the personal information that you or [your employer](#) has provided to us for (amongst other things):

- dealing with your enquiries and requests for products and/or services from Legal & General,
- administering your plan and processing any claims, and/or
- carrying out market research, statistical analysis and customer profiling.

Our privacy policies set out more detailed information on how we use your personal information (including, our processing activities, the lawful basis for our processing, how we transfer and share your information and/or any information prescribed by data protection law). A copy of the Legal & General privacy policy is available at [legalandgeneral.com/privacy-policy/](https://legalandgeneral.com/privacy-policy/) or otherwise upon request; the Trustees have their own privacy policy and that is available at [legalandgeneral.com/workplacebenefitsResp/mastertrust/news-events/](https://legalandgeneral.com/workplacebenefitsResp/mastertrust/news-events/). Any changes to these privacy policies will be posted on the respective websites from time to time.

# Important information

If you make a claim, we and Legal & General may share your information (including personal information) with other insurance companies to prevent fraudulent claims. Your details will also be checked with fraud prevention agencies and if fraud is detected we will share the relevant details with fraud prevention agencies. Law enforcement agencies may also access and use this information. Legal & General and other organisations may also access and use this information to prevent fraud and money laundering, for example, when:

- checking details on applications for credit and credit-related accounts or facilities or otherwise,
- managing credit and credit-related accounts or facilities, recovering debt,
- checking details on proposals and claims for all types of insurance, and/or
- checking details of job applicants and employees.

If you would like to receive details of the relevant fraud prevention agencies, then please write to us at:

# Glossary

## Annuity

An insurance policy that uses the value of your pension savings to provide you with an income, which can be payable for the rest of your life, depending on the type of annuity you buy. The amount you receive will depend on a number of things including the value of your pension savings, your age, your health and the annuity rates available when you purchase one.

## Beneficiary

The person(s) you wish to benefit from your pension savings, should you die.

## Dependant

Your spouse, registered civil partner or any other person who in the opinion of the Trustees is financially dependent upon you.

## Earnings threshold

The minimum amount you must earn to qualify for automatic enrolment. For more details, please see the Tax Year Rates and Allowances Sheet on your Plan website.

## Lump Sum Allowance (LSA)

When you access your pension, you can usually take up to 25% of it as a tax-free lump sum.

Your 'Lump Sum Allowance' is the maximum amount of money you can take as tax-free lump sums from all the pensions you have. While you can still take out money over this allowance, you will need to pay income tax on it.

The Lump Sum Allowance is £268,275. It will be higher if you have any protected tax-free lump sums, or a protected lifetime allowance.

## Lump Sum and Death Benefit Allowance (LSDBA)

Your 'Lump Sum and Death Benefit Allowance' (LSDBA) is the total amount of tax-free money you can take across all the pensions you have as a:

- tax-free lump sum,
- tax-free serious ill-health lump sum, paid out before you turn 75, or
- tax-free lump sum death benefit, paid out if you pass away before you turn 75.

The LSDBA is £1,073,100. It will be higher if you have any protected tax-free lump sums, or a protected lifetime allowance. Income tax will need to be paid on any funds paid above the LSDBA, by whoever receives the payment.

# Glossary

## **Member**

An employee, or ex-employee, who is entitled to benefits in the Plan.

## **Minimum pension age**

This is the earliest that you can commence taking your pension savings. Currently this is age 55 rising to age 57 from April 2028. You may be entitled to take benefits from age 50, you can find out if this applies to you by contacting us directly using the Contact Information on page 27.

## **Pension savings/pension pot**

The value of all your contributions plus any investment growth, less charges.

## **Tax relief**

Some of your money that would have gone to the Government as tax goes into your pension savings instead.

## **Your employer**

This means Ladbrokes Betting and Gaming Limited or other group entity that your contract of employment is with.

# Example explained

On page 12 we provided a summary example based on your qualifying earnings, if your contributions are paid through salary sacrifice. The below shows how your contribution is calculated.

In this example, you sacrifice 5% of your qualifying earnings and **your employer** contributes 3%.

Based on earnings of £20,000 a year, here's how to work out:

1. What are your qualifying earnings	
Your annual earnings	£20,000
Less the lower qualifying earnings limit*	-£6,240
Your qualifying earnings	£13,760

2. What your employer pays	
Your contribution rate	5%
Your salary is sacrificed by	£688
Your monthly salary sacrifice	£57.33

\* Basic rate tax relief is 20% in the 2024/25 tax year.

3. What your employer pays	
Your employer's contribution rate	3%
Your employer's contribution amount per year (3% x £13,760)	£412.80
Your employer's contribution per month	£34.40

4. The impact of salary sacrifice to your monthly pay	
Your salary sacrifice	£57.33
Tax relief at the basic rate (20%)*	£11.47
Your NI saving (8%)	£4.59
The net cost to you	£41.28

5. The value of your monthly contribution	
Your salary sacrifice	£57.33
Your employer pays	£34.40
<b>Your pension pot receives</b>	<b>£91.73</b>

\* Basic rate tax relief is 20% in the 2024/25 tax year.

# Example explained

On page 13 we provided a summary example based on pensionable pay, if your contributions are paid through salary sacrifice. The below shows how your contribution is calculated.

In this example, you sacrifice 3% of your pensionable pay and [your employer](#) contributes 6%.

Based on earnings of £20,000 a year, here's how to work out:

1. What you pay	
Your contribution rate	3%
Your salary is sacrificed by	£600
Your monthly salary sacrifice	£50

2. What your employer pays	
Your employer's contribution rate	6%
Your employer's contribution per year	£1,200
Your employer's contribution per month	£100

3. The impact of salary sacrifice to your monthly pay	
Your salary sacrifice	£50
Tax relief at the basic rate (20%)*	£10
Your NI saving (8%)	£4.00
The net cost to you	£36

4. The value of your monthly contribution	
Your salary sacrifice	£50
Your employer pays	£100
<b>Your pension pot receives</b>	<b>£150</b>

\* Basic rate tax relief is 20% in the 2024/25 tax year.

# Example explained

On page 14 we provided a summary example based on pensionable pay, if your contributions are paid through salary sacrifice. The below shows how your contribution is calculated.

In this example, you sacrifice 5% of your pensionable pay and [your employer](#) contributes 7.5%.

Based on earnings of £20,000 a year, here's how to work out:

1. What you pay	
Your contribution rate	5%
Your salary is sacrificed by	£1,000
Your monthly salary sacrifice	£83.33

2. What your employer pays	
Your employer's contribution rate	7.5%
Your employer's contribution per year	£1,500
Your employer's contribution per month	£125

3. The impact of salary sacrifice to your monthly pay	
Your salary sacrifice	£83.33
Tax relief at the basic rate (20%)*	£16.67
Your NI saving (8%)	£6.67
The net cost to you	£60

4. The value of your monthly contribution	
Your salary sacrifice	£83.33
Your employer pays	£125
<b>Your pension pot receives</b>	<b>£208.33</b>

\* Basic rate tax relief is 20% in the 2024/25 tax year.
