KEEP AN EYE ON THINGS.

We understand that thinking about your finances can be daunting. That’s why we’ve improved our online services and tools to make it easier for you to plan for your future.
MANAGE YOUR ACCOUNT.

Are you making the most of your money? With Manage Your Account, you can take control of your pension or savings scheme online. It offers:

- **Flexibility.** It’s easy to use and you can log on seven days a week.

- **Opportunities.** You can keep an eye on your past transactions and contributions. You can also review past and present benefit statements quickly and easily.

- **Choices.** You can easily explore your investment options and find out which funds or lifestyle profile are available in your scheme.

- **Convenience.** With the watched funds feature, you can follow the performance of funds over a period of time before choosing to invest in them.

- **Efficiency.** If your scheme allows, you can update your personal details without contacting us directly.
You can register for the service by visiting:

www.legalandgeneral.com/manageyouraccount

Or your employer may have their own website where you can access Manage Your Account.

To register you’ll need to have a valid customer reference number to hand.

Once you’ve registered and activated your account, you’ll have instant access to Manage Your Account where you can monitor the progress of your pension savings, view your benefits statements and take advantage of the other tools and services we provide. And remember to check your account regularly to make sure you’re on track.

**IMPORTANT:** Your log in details are personal to you, so the site and activity is secure.
From ManageYour Account, you can access a range of tools, guides and interactive learning modules designed to help you understand more about managing your finances.

**THE CASH FAMILY CHALLENGES**

These are a series of fun and interactive modules covering a broad range of financial topics. You can learn about debt, saving and planning your money by helping the Cash family members solve their dilemmas. You can also ‘get the facts’ on a range of topics, where you can find useful information and links to helpful sites.

**RETIREMENT PLANNER**

Use this tool to help calculate what you could get as income when you retire. The planner works by calculating either:

- A possible retirement income based on what you’re contributing.
- How much money you need in your plan to achieve a desired income.

**ATTITUDE TO RISK TOOL**

Do you know if your money is invested in the right funds for you? You may want to take control of managing your money by selecting funds to invest in that are suited to your own attitude to risk.
Our Workplace Benefits website has been specifically designed to provide you with a range of educational tools and information to help you understand your finances and plan for your future.
